Notice of Proposed Permit Action

The Secretary of the Kansas Department of Health and Environment (KDHE) is proposing to issue an Air Emission Construction Permit in accordance with K.A.R. 28-19-14, Permits Required, to Walker Stone Company to install and operate a portable rock crushing plant at Sec. 3, T12S, R4E in Dickinson County.

Written materials, including this permit application and information relating to the application submitted by Walker Stone Company, draft permit, permit summary, and analysis by KDHE describing the basis for the proposed permit are available for public inspection during normal business hours through January 23, 1995 by contacting Peter Denning, KDHE North Central District Air Quality Representative, 2501 Market Place, Suite D, Salina, Kansas 67401, (913) 827-9639. This material can also

be reviewed at the KDHE office in Building 283, Forbes Field, Topeka, Kansas. Questions concerning this proposed permit should be directed to Art Hofmeister of KDHE/Bureau of Air and Radiation at (913) 296-0910.

K.S.A. 65-3008 provides that any person affected by the issuance of a permit can request a public hearing prior to issuance of the permit. The request must be in writing and addressed to the Secretary. If the Secretary determines there is sufficient reason in the request, a public hearing will be conducted. The place, date, and time of the hearing will be announced in this publication.

A request for a hearing or written comments on the proposed permit must be submitted to the Secretary, Kansas Department of Health and Environment, Landon State Office Building, 900 S.W. Jackson, Topeka, Kansas 66612, before January 23, 1995.

**Notice of Hearing on Proposed
Administrative Regulations**

The Kansas Department of Health and Environment will conduct a public hearing to consider amendments of K.A.R. 28-29-84 and K.A.R. 28-29-85.

K.A.R. 28-29-84 is being amended to implement the 1993 legislative changes to K.S.A. 65-3406(e). The legislative changes mandate a differential fee schedule for construction and demolition landfills based upon the volume of waste to be received.

The proposed amendment provides for fees based on three categories of waste to be received at the facility. The categories are divided into facilities receiving more than 10,000 tons annually, facilities receiving 1,000 to 10,000 tons annually, and facilities annually receiving under 1,000 tons. Initial permit fees are \$1,000.00, \$500.00, and \$250.00 respectively. Renewal fees are \$500.00, \$250.00, and \$125.00 respectively.

K.A.R. 28-29-85 is being amended to allow operators of solid waste disposal facilities an additional period of time to submit their solid waste tonnage reports and fees to the state. K.A.R. 28-29-85 requires the operator of a solid waste disposal area to file a tonnage report and pay the department a tonnage fee for each ton of solid waste received during a reporting period. Currently, the operator must submit the report and pay the fee fifteen days after the close of a reporting period.

The fifteen day period between the end of the reporting period and the deadline for the submission of the reports and fees has been difficult for the regulated community to meet due to its brevity. The proposed amendment would allow an additional two weeks for operators to submit their reports and fees.

The location and time of the public hearing is Kansas Department of Health and Environment, Conference

(continued)

Room A, Forbes Field, Building 740, Topeka, on Thursday, January 26, 1995 at 9 a.m.

As stated above, amendment of K.A.R. 28-29-84 was initiated in response to statutory requirements to provide a differential fee schedule for construction/demolition landfills.

Adoption of K.A.R. 28-29-84 is estimated to have a positive economic impact on the regulated community. The regulated community is estimated to save \$9625 annually if the amendment is adopted. Conversely, the Department will be losing \$9625 of fee income per year. This amount, however, is negligible in comparison to the amount of fees collected in the Solid Waste Fee Fund.

Amendment of K.A.R. 28-29-85 was initiated in response to the regulated community's ability to consistently meet the existing fifteen day reporting requirement. Those failing to meet the reporting requirement can be assessed penalties for late payment.

Adoption of K.A.R. 28-29-85 is estimated to have a positive economic impact on the regulated community. The regulated community has the potential to save \$70,000 in late fees annually if the amendment is adopted. Conversely, the Department will be losing \$70,000 of late fee income per year. However, the cost to collect the late fee would offset the revenue.

Copies of the regulations and the economic impact statements may be obtained from the Kansas Department of Health and Environment, Bureau of Waste Management, Forbes Field, Topeka, Kansas 66620, (913) 296-1600. Questions pertaining to these proposed rules should be directed to Erica Bessey at (913) 296-5893.

The time period between the publication of this notice and the scheduled hearing constitutes a public comment period for the purpose of receiving written comments prior to the hearing. All interested parties will be given reasonable opportunity during the hearing to present their views, orally or in writing, concerning the adoption of the regulations. Following the hearing, all comments will be considered in determining whether to make changes to the proposed new regulation.

Any individual with a disability may request accommodation in order to participate in the public hearings and may request the proposed regulations and fiscal impact statements in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Mike Tate at (913) 296-0724.

Article 6.—CONTINUING EDUCATION

117-6-1. Continuing education; renewal requirements. (a) The continuing education requirement for renewal of a license or certificate for the provisional, licensed, residential and general classifications shall be the equivalent of 10 classroom hours of instruction. Each course for which credit is requested shall have received approval of the board for renewal of the applicable classification before or after completion of the course. Beginning July 1, 1994, an appraiser who obtains more than the required 10 classroom hours of continuing education during the licensure year may carry forward up to 10 classroom hours into each of the following two licensure years. The maximum number of hours which may be carried forward in this manner shall not exceed 20 classroom hours. Of the 10 hours of continuing education required every year, within 3 years at least 7 hours shall include an update of the uniform standards of professional appraisal practice updates pursuant to K.A.R. 117-8-1.

(b) An appraiser may not receive continuing education credit for a course for which the appraiser received credit toward the original classroom hour requirement pursuant to K.A.R. 117-2-1, 117-3-1 or 117-4-1; except updates of uniform standards of professional appraisal practice. However, if a licensed or certified appraiser receives credit for a course to apply toward a higher classification, the appraiser may also receive continuing education credit for the course if it is approved by the board.

(c) Continuing education credit may also be granted for participation, other than as a student, in appraisal educational processes and programs. Examples of activities for which credit may be granted are teaching, program development, authorship of textbooks, or similar activities which are determined by the board to be equivalent to obtaining continuing education.

(d) At the completion of each continuing education course, each appraiser shall present a certificate of completion for each course for which credit is requested.

(e) If any appraiser requests credit pursuant to subsection (c) of this regulation, the appraiser shall submit a detailed description of such activities with the application for renewal on a form obtained from the board.

(f) A nonresident of Kansas may receive credit for courses approved by the state of residence by submitting certificates of completion and evidence that each course for which credit is requested was approved by the state of residence. Evidence of renewal of an equivalent license or certificate by a nonresident's state of residence may be recognized by the board as meeting the education requirement for renewal of the nonresident's Kansas license or certificate. Article 6.—MEDICAL ASSISTANCE PROGRAM—CLIENTS' ELIGIBILITY FOR PARTICIPATION

30-6-106. General rules for consideration of resources, including real property, personal property, and income. (a) Legal title shall determine ownership for assistance purposes. In the absence of legal title, possession shall determine ownership.

(b) Resources shall be of a nature that the value can be defined and measured. The objective measures set forth in paragraphs (1) and (2) below shall establish the resources' value.

(1) Real property. The value of real property shall be initially determined by the latest uniform statewide appraisal value of the property, which shall be adjusted to reflect current market value. If the property has not been appraised or if the market value as determined above is not satisfactory to the applicant, recipient, or agency, an estimate or appraisal of its value shall be obtained from a disinterested real estate broker. The cost of obtaining an estimate or appraisal shall be borne by the agency.

(2) Personal property. The market value of personal property shall be initially determined using a reputable trade publication. If a publication is not available, or if there is a difference of opinion regarding the value of the property between the agency and the individual, an estimate from a reputable dealer shall be used. The cost of obtaining an estimate or appraisal shall be borne by the agency.

(c) (1) Resources shall be considered available both when actually available and when the applicant or recipient has the legal ability to make them available. A resource shall be considered unavailable when there is a legal impediment that precludes the disposal of the resource. The applicant or recipient shall pursue reasonable steps to overcome the legal impediment unless it is determined that the cost of pursuing legal action would be more than the applicant or recipient would

gain, or unless the probability of success in the legal action would be minimal for the applicant or recipient.

(2) For SSI, real property shall be considered unavailable for so long as it cannot be sold because:

(A) The property is jointly owned and its sale would cause undue hardship due to the loss of housing for the other owner or owners; or

(B) the owner's reasonable efforts to sell the property have been unsuccessful.

(d) The resource value of property shall be that of the applicant's or recipient's equity in the property. Unless otherwise established, the proportionate share of jointly-owned real property and the full value of jointly-owned personal property shall be considered available to the applicant or recipient. Resources held jointly with a non-legally responsible person may be excluded from consideration if the applicant or recipient can demonstrate that the applicant or recipient has no ownership interest in the resource, has not contributed to the resource, and that any access to the resource by the applicant or recipient is limited to those duties performed while the applicant or recipient is acting as an agent for the other person.

(e) Nonexempt resources of all persons in the assistance plan and the nonexempt resources of persons who have been excluded from the assistance plan pursuant to K.A.R. 30-6-74(b) and K.A.R. 30-6-79(c) shall be considered in determining eligibility.

(f) (1) The combined resources of husband and wife, if they are living together, shall be considered in determining eligibility of either or both for the medical assistance program, unless otherwise prohibited by law.

(2) A husband and wife shall be considered to be living together if they are regularly residing in the same household. Temporary absences of either the husband or the wife for education, training, working, securing medical treatment or visiting shall not interrupt the period of time during which the couple is considered to be living together.

(3) A husband and wife shall not be considered to be living together when they are physically separated and not maintaining a common life, or when one or both enter into an institutional living arrangement, including either a medicaid-approved or non-approved medical facility or a home- and community-based services care arrangement. If only one spouse enters an institutional living arrangement, the provisions of subsection (m) below shall apply. If both spouses enter an institutional living arrangement, the combined resources of the husband and wife shall be considered available to both for the month in which the institutional arrangement begins.

(g) The resources of an ineligible parent shall be considered in determining the eligibility of a minor child for the medical assistance program if the parent and child are living together, except that such resources shall not be considered for children in an institutional or home- and community-based services arrangement beginning with the month following the month the arrangement begins.

(h) When any individual in the household who does not have the responsibility to support a person in the plan voluntarily and regularly contributes cash to the

recipient toward household expenses, including maintenance costs, the amount of the contribution to be counted shall be the net income realized by the household.

(i) Despite subsections (e), (f), and (g) above, the resources of an SSI beneficiary shall not be considered in the determination of eligibility for medical assistance of any other person.

(j) The conversion of real and personal property from one form to another shall not be considered to be income to the applicant or recipient, except for the proceeds from a contract for the sale of property.

(k) Income shall not be considered to be both income and property in the same month.

(l) Despite subsection (e) above, the resources of a child whose needs are met through foster care payments shall not be considered in determining eligibility.

(m) When one spouse enters an institutional living arrangement and the other spouse remains in the community, and an application for medical assistance is made on behalf of the institutionalized spouse, the following provisions apply.

(1) The separate income of each spouse shall not be considered available to the other beginning in the month the institutional arrangement begins. Unless otherwise established, $\frac{1}{2}$ of the income which is paid in the names of both spouses shall be considered available to each. Income which is paid in the name of either spouse, or in the name of both spouses and the name of another person or persons, shall be considered available to each spouse in proportion to the spouse's interest, unless otherwise established.

(2) A monthly income allowance for the community spouse shall be deducted from the income of the institutionalized spouse in determining the amount of patient liability for persons in institutional living arrangements or spenddown for persons in home- and community-based services arrangements. The income allowance for the community spouse, when added to the income already available to that spouse, shall not exceed 150 percent of the official federal poverty income guideline for two persons plus the amount of any excess shelter allowance. The excess shelter allowance is defined as the amount by which the community spouse's expenses for rent or mortgage payments, taxes and insurance for the community spouse's principal residence, plus the food stamp standard utility allowance, exceeds 30 percent of 150 percent of the federal poverty income guideline amount referred to above. The maximum monthly income allowance which can be provided under this provision shall be \$1,871.00. The \$1,871.00 limitation shall be increased annually to reflect the percentage increase in the consumer price index for all urban consumers. If a greater income allowance is provided under a court order of support or through the fair hearing process, that amount shall be used in place of the above limits.

(3) A monthly income allowance for each dependent family member shall be deducted from the income of the institutionalized spouse in determining the amount of patient liability for persons in institutional living arrangements or spenddown for persons in home- and

(continued)

community-based services arrangements. A dependent family member is defined as a minor or dependent child, dependent parent or dependent sibling of either spouse who lives with the community spouse. The allowance for each member shall be equal to $\frac{1}{2}$ of 150 percent of the official federal poverty income guideline for two persons. An allowance shall not be provided if the family member's gross income is in excess of 150 percent of the federal poverty income guideline for two persons.

(4) If the spouse is institutionalized on or after September 30, 1989, the real and personal property of both spouses shall be considered in determining the eligibility of the institutionalized spouse, based on the amount of property in excess of the community spouse property allowance as set forth in paragraph (m) (6) below whether or not such allowance will be made. If the excess property is within the allowable resource standards of K.A.R. 30-6-107, the institutionalized spouse shall be eligible. In the month following the first month of eligibility for the institutionalized spouse, only the property of the institutionalized spouse shall be considered available in determining continuing eligibility, except for property to be transferred in accordance with paragraph (m)(6) below.

(5) If the spouse was institutionalized before September 30, 1989, the real and personal property of each spouse shall be considered available to the other in the month in which the institutional arrangement began. Thereafter, the property of each spouse shall not be considered available to the other.

(6) The institutionalized spouse may make available to the community spouse a property allowance which, when added to the property already available to the community spouse, would be equal to $\frac{1}{2}$ of the total value of the property owned by both spouses as of the first period of continuous institutionalization beginning on or after September 30, 1989. This allowance may not exceed \$74,820.00, but shall be no less than \$14,964.00. Both the \$14,964.00 and \$74,820.00 standards shall be increased annually to reflect the percentage increase in the consumer price index for all urban consumers. If a greater property allowance is provided under a court order of support or through the fair hearing process, that amount shall be used in place of the above limits.

(7) The amount of property received by the community spouse as a result of the property allowance determined in paragraph (m) (6) shall not be considered in determining the eligibility of the institutionalized spouse, except as provided in paragraph (m)(4) above. If the institutionalized spouse will be eligible based upon transferring sufficient property to the community spouse to equal the amount of the property allowance, the institutionalized spouse shall be given up to 90 days from the date of application to transfer the property. Additional time may be allowed for good cause. Pending disposition of the property, the institutionalized spouse shall be deemed to be temporarily eligible during this time period if all other eligibility factors are met.

(n) The effective date of this regulation shall be February 6, 1995. (Authorized by and implementing K.S.A. 39-708c and 39-709, as amended by L. 1994, Chapter 265, Sec. 8; effective May 1, 1981; amended, E-82-19, Oct. 21,

Article 44.—SUPPORT ENFORCEMENT

30-44-2. Standardized cost recovery fee. (a) As used in this regulation, the following definitions shall apply.

(1) "Applicant or Recipient" means a person who has applied for or is receiving support enforcement services from the department of social and rehabilitation services pursuant to Part D of Title IV of the federal social security act, 42 U.S.C. §651 *et seq.*, as amended.

(2) "IV-D case" means a case in which the department of social and rehabilitation services is providing support enforcement services pursuant to Part D of Title IV of the federal social security act, 42 U.S.C. §651 *et seq.*, as amended.

(continued)

(3) "Non-IV-D case" means a case in which the department of social and rehabilitation services is not providing support enforcement services pursuant to Part D of Title IV of the federal social security act, 42 U.S.C. §651 *et seq.*, as amended.

(4) Non-PA case

(A) "Non-PA case" means a case in which the applicant or recipient or the child, as appropriate, has not received and is not currently receiving public assistance from the secretary of social and rehabilitation services, including but not limited to:

(1) aid to families with dependent children;

(2) medical services;

(3) care due to placement under Chapter 38 of the Kansas statutes annotated; or

(4) care in a state institution as defined in K.S.A. 1993 Supp. 59-2006b.

(B) "Non-PA case" also means, in any case in which the applicant or recipient or the child previously received but is not currently receiving public assistance from the secretary of social and rehabilitation services, that portion of the case not subject to any assignment of support rights for reimbursement of public assistance.

(C) In an interstate IV-D case referred to Kansas by another state, unless the other state clearly designates otherwise, "Non-PA case" means a case, or that portion of a case, designated as IV-D non-AFDC.

(b) Except as provided in subsection (c) of this regulation, a cost recovery fee shall be collected in all Non-PA cases on and after April 1, 1995. Except as otherwise provided in subsection (d), the fee shall be in an amount equal to two percent of support collections distributed to the applicant or recipient. The fee shall be retained from support collections made on behalf of the applicant or recipient. If any fee remains unpaid and the applicant or recipient will receive no further support collections in the Non-PA case, the fee shall be remitted by the applicant or recipient upon demand.

(c) In a Non-PA case referred to a district court trustee, if the district court trustee has already retained the cost recovery fee from any support collection transmitted to the secretary, no additional cost recovery fee shall be retained except to the extent necessary to satisfy any claim for unpaid fees owed by the applicant or recipient.

(d)(1) As needed, but no less frequently than once every three years, Kansas counties shall be identified in

which the average fee income per case will exceed the average actual cost of required activities. The counties shall be identified in consultation with the judicial administrator. The average fee income per case shall be estimated by multiplying the fee rate established in subsection (b) of this regulation times the estimated average of current monthly support obligations for the county and multiplying the result by twelve. The average cost per case of required activities shall be based upon the estimated actual cost of providing services during the next twelve months using state employees. Costs for activities required less frequently than annually shall be prorated.

(2) A special fee rate shall be established for each county identified by using the computation described in paragraph (d)(1) of this regulation. The special fee rate shall be in an amount likely to produce average fee income per case less than, but as close as possible to, the average cost per case of required activities. If there is a district court trustee for the county, the special fee rate shall be the rate charged by the district court trustee in non-IV-D cases pursuant to K.S.A. 1993 Supp. 23-497, provided that the fee rate does not exceed the fee rate established in subsection (b) of this regulation.

(3) When counties needing a special fee rate are being identified pursuant to this subsection, each county which has had a special fee rate in effect shall be evaluated to determine whether the special fee rate is still needed and, if so, the appropriate fee rate.

(4) A list shall be maintained of the special fee rates currently in effect and the counties to which the special fee rates apply. (Authorized by and implementing K.S.A. 39-756c; effective Feb. 6, 1995.)

30-44-3. Birthing hospital: (a) "Birthing hospital" means a hospital that has a licensed obstetric care unit or is licensed to provide obstetric services, or a licensed facility outside a hospital that provides maternity services and is associated with a hospital.

(b) This regulation shall become effective 45 days following publication in the Kansas Register. (Authorized by and implementing L. 1994, Chapter 292, Section 1; effective Feb. 6, 1995.)
